

MOBILE WEBSITE BOOKMARK

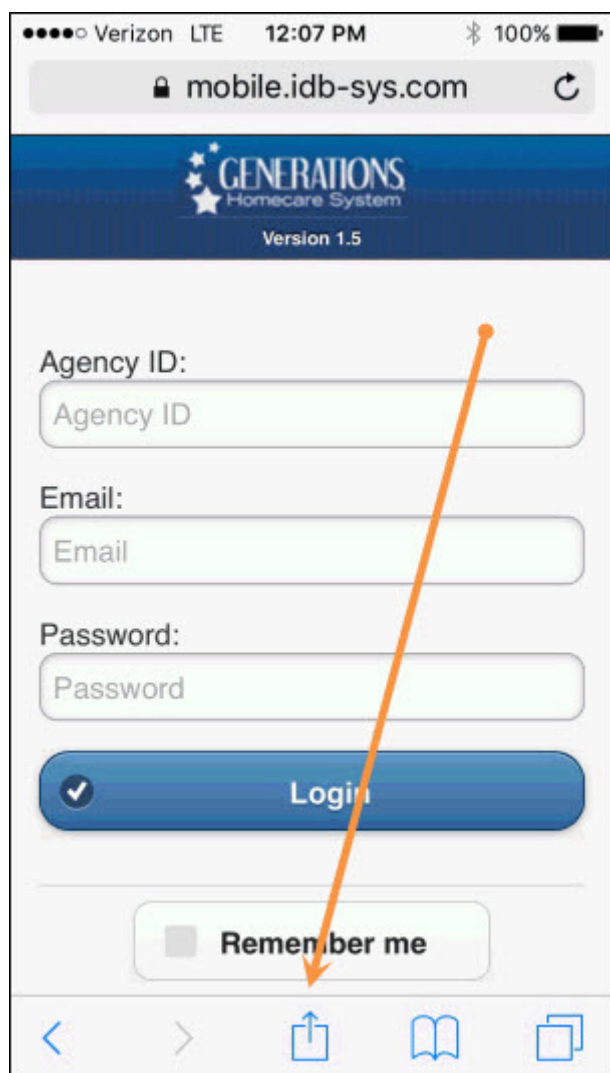

If you wish, you can add a bookmark and/or icon for the mobile website on your device. Please note, this functionality depends on the device you are using.

The mobile website works on smaller screens of mobile devices and requires a URL to access:
<https://mobile.idb-sys.com>.

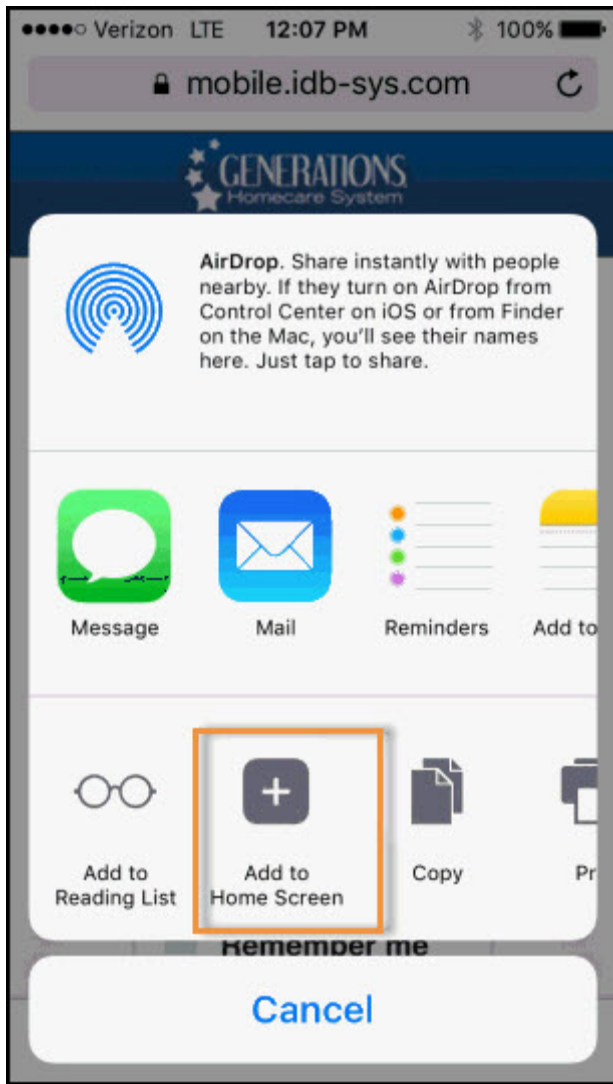

Add A Mobile Site Icon On iPhone or iPad

Please note that these directions and screenshots are specifically for the iPhone and iPad. If you are using a different device, use a bookmark.

1. Open Safari and browse to the <https://mobile.idb-sys.com> Tap the bookmark icon.

2. Tap the "Add to Home Screen" button.

3. An icon for the mobile website is on your Home Screen.
